

Rabobank

Play it safe, 365 days a year

Your Rabobank Debit MasterCard is issued with chip technology to deliver the highest level of debit card security. However, for secure transactions it is still important to follow these safety tips.

Over the counter

- Always request a receipt and reconcile with account statements.
- Never leave your card unattended.
- Discreetly enter your PIN at terminals.

Over the phone and online

- Never reveal account details to someone who has called you unexpectedly.
- Always use a secure website by checking the internet address begins with 'https'.
- Ensure your computer has an up-to-date firewall and anti-virus software.
- Never send payment information via email.
- Only use your card with reputable merchants.

When overseas

- Before you go, check your card isn't due to expire.
- If using a computer for online purchasing, make sure it is secure and log out correctly.
- In an emergency contact the Rabobank overseas emergency number +64 4 819 2700. Keep this number with you, but separate from your card.

Convenience
wherever you are

**Rabobank's Debit
MasterCard®**

Purchase with confidence

Introducing the Rabobank Debit MasterCard. This new card offers security and flexibility, plus the convenience of online and over the phone payments options.

In New Zealand

Press 'Savings' or 'Cheque' to make a purchase or to withdraw cash from ATMs or 'Tap' your card for PayPass transactions up to \$80 at participating stores.

Outside of New Zealand

Press 'Credit' when purchasing or withdrawing cash from ATMs or 'Tap' your card for PayPass transactions at participating stores. Although you press 'Credit' your current All In One account will be debited and the transactions recorded on your statement. Currency conversion fees apply.

Expand your boundaries

The Rabobank Debit MasterCard is more than an ATM/EFTPOS card, it gives you access to your money at home and overseas, plus:

- The convenience of purchasing online, over the phone and by mail order.
- Access to your All In One account at over 32 million locations, wherever MasterCard is accepted.
- The world's largest ATM network.

Rabobank MasterCard PayPass

Your new card is MasterCard PayPass enabled. MasterCard PayPass is the latest in contactless payment technology. It's a faster and more convenient way to make small purchases.

Just tap your card on a MasterCard PayPass reader at participating merchants, and go. There's no need to enter your PIN or sign for purchases under \$80.

You can use MasterCard PayPass at thousands of locations across the world, wherever the contactless symbol and MasterCard logo are displayed.

You can still use your card for PayPass purchases over \$80. You'll just need to enter your PIN.

How to use MasterCard PayPass

Step 1 ► cashier enters amount into the terminal, which is displayed on the MasterCard PayPass reader.

Step 2 ► when the first green light blinks, tap your card over the reader at close range.

Step 3 ► when four green lights appear, the transaction is complete. You do not need to enter your PIN or sign if under \$80.

Safe and Secure

Your Rabobank MasterCard PayPass enabled card offers the latest in security, with encrypted chip technology helping to protect you from fraudulent or unauthorised transactions.
