General information and definitions

The information contained in this Disclosure Statement is as required by section 81 of the Banking (Prudential Supervision) Act 1989 ("Banking Act") and the Registered Bank Disclosure Statements (New Zealand Incorporated Registered Banks) Order 2014 (as amended) ("Order").

In this Disclosure Statement, in accordance with the requirements of the Order and unless the context otherwise requires:

- "Bank" and "Banking Group" refer to Rabobank New Zealand Limited
- "Rabobank" and "Overseas Banking Group" refers to Coöperatieve Rabobank U.A.

Rabobank's New Zealand address for service is Level 4, 32 Hood Street, Hamilton, New Zealand.

All amounts referred to in this Disclosure Statement are in New Zealand dollars unless otherwise stated.

Directors' Statement

After due enquiry, each director believes that:

- (i) as at the date on which the Disclosure Statement is signed:
 - The Disclosure Statement contains all the information that is required by the Registered Bank Disclosure Statements (New Zealand Incorporated Registered Banks) Order 2014 (as amended); and
 - · The Disclosure Statement is not false or misleading; and
- (ii) over the six month period ended 30 June 2025:
 - The Bank has complied, in all material respects, with all Conditions of Registration that applied during the period;
 - Credit exposures to connected persons (if any) were not contrary to the interests of the Banking Group; and
 - The Bank had systems in place to monitor and control adequately the Banking Group's material risks, including credit risk, concentration of credit risk, interest rate risk, currency risk, liquidity risk, operational risk and other business risks, and that those systems were being properly applied (the Bank has immaterial equity risk, and therefore neither has nor requires any system to monitor or control equity risk).

Signed by Todd Charteris, Executive Director and Chief Executive Officer, under an authority from each of the directors.

Todd Charteris

Dated: 27 August 2025

1. Reporting entity

Rabobank New Zealand Limited is the reporting entity and is incorporated in New Zealand. The Bank is wholly owned by Rabobank International Holding B.V. and its ultimate parent entity is Coöperatieve Rabobank U.A. ("Rabobank"), trading as Rabobank and domiciled in the Netherlands.

The interim financial statements of the Bank are presented as at and for the six months ended 30 June 2025. The Bank is primarily involved in the provision of secured loans predominantly to borrowers in the rural industry, and in raising retail deposits. There were no significant changes during the six month period in the nature of the activities of the Bank.

2. Basis of preparation

2.1 Statement of compliance

These interim financial statements have been prepared and presented in accordance with the requirements of the Order and the Banking Act, generally accepted accounting practice, as appropriate for for-profit entities, and in accordance with the requirements of New Zealand equivalent to International Accounting Standard ('NZ IAS') 34 'Interim Financial Reporting'. These interim financial statements do not include all the information and disclosures required in annual financial statements and should therefore be read in conjunction with the financial statements for the year ended 31 December 2024. These interim financial statements also comply with IAS 34 'Interim Financial Reporting'.

2.2 Basis of measurement

These interim financial statements have been prepared under the historical cost convention, except for derivative financial instruments, financial assets at fair value through profit or loss and financial assets at fair value through other comprehensive income (FVOCI assets) which have been measured at fair value. The going concern concept and the accrual basis of accounting have been adopted.

2.3 Significant accounting judgments and estimates

The preparation of interim financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies. In preparing these interim financial statements, the significant judgements made by management in applying the Bank's accounting policies and the key sources of estimation uncertainty were the same as those applied to the financial statements as at and for the year ended 31 December 2024.

The Bank has applied accounting estimates in the interim financial statements based on the forecasts of economic conditions which reflect expectations and assumptions as at 30 June 2025 about future events that directors believe are reasonable in circumstances. There is a considerable degree of judgement involved in preparing the forecasts. The underlying assumptions are also subject to uncertainties which are often outside of the control of the Bank. Accordingly, actual economic conditions are likely to be different from those forecasts since anticipated events frequently do not occur as expected, and the effect of those differences may significantly impact accounting estimates included in the interim financial statements. The significant accounting estimates impacted by these forecasts and associated uncertainties are related to expected credit losses calculations, refer to Note 7 "Provision for expected credit losses".

2.4 Material accounting policies

The accounting policies used in the preparation of these interim financial statements are consistent with the accounting policies used in the preparation of the Bank's financial statements for the year ended 31 December 2024. The Bank has not early adopted any NZ equivalents to International Financial Reporting Standards ('NZ IFRS') that are not yet in effect.

2. Basis of preparation (continued)

2.5 Functional and presentation currency

Unless otherwise indicated, all amounts are expressed in New Zealand dollars (NZD), the functional and presentation currency of the Bank, as this currency best reflects the economic substance of the underlying events and circumstances relevant to the Bank. All financial information presented in NZD has been rounded to the nearest thousand unless otherwise stated.

3. Other operating gains / (losses)

	Unaudited	Unaudited
	6 months to	6 months to
	30/06/2025	30/06/2024

Closing balance related parties	523	-	<u> </u>		523

The provision is a requirement under NZ IFRS 9 to recognise impairment allowance for Stage 1, it is not a determination of credit quality or collectability.

7.3 Sensitivity of provisions for impairment for SICR assessment criteria (unaudited)

If 1% of Stage 1 credit exposures as at 30 June 2025 was included in Stage 2, provision for impairment would increase by approximately \$682 thousand (31 December 2024: \$796 thousand). If 1% of Stage 2 credit exposures as at 30 June 2025 was included in Stage 1, provisions for impairment would decrease by approximately \$54 thousand (31 December 2024: \$55 thousand).

7.4 Forward-looking information and macro-economic scenarios (MES) (Unaudited)

Modelled provision for ECL

When estimating expected credit losses for each stage and assessing significant increases in credit risk, the Bank uses information about past events and current conditions as well as reasonable and supportable forecasts of future events and economic conditions (forward-looking information). There is a considerable degree of judgement involved in preparing these forecasts due to the uncertainty around the impact of economic conditions.

The Bank uses three probability-weighted macroeconomic scenarios (a baseline scenario, a baseline minus scenario and a baseline plus scenario) in its ECL models to determine the expected credit losses. A probability weighting of 20% for the minus scenario (31 December 2024: 20%), a probability weighting of 20% for the plus scenario (31 December 2024: 20%) and a probability weighting of 60% for the baseline scenario (31 December 2024: 60%) is used.

Important variables in MES are gross domestic product (GDP) growth, private sector investment, export of goods and services, World GDP and New Zealand Agri-GDP. These forward-looking macroeconomic forecasts require judgment and are largely based on internal Rabobank research.

An analysis on the sensitivity of key forward-looking macroeconomic inputs used in the ECL modelling process for stage 1 and stage 2 provisioning, and the probability weights applied to each of the three scenarios is presented below, without taking into account the impact of portfolio overlays.

7. Provision for expected credit losses (continued)

	Agri-GDP	-20.73%	-0.65%	0.39%			

Portfolio overlays

Portfolio overlays are used to address areas of risk, that are not captured by underlying modelled ECL. Determination of portfolio overlays requires a significant degree of management judgement and is documented and subject to internal governance and oversight. Overlays are continually reassessed and if the risk is judged to have changed (increased or decreased), or is subsequently captured in the modelled ECL, the overlay will be released or recalculated.

The total portfolio overlays as at 30 June 2025 were \$6,856 thousand (31 December 2024: \$9,085 thousand). Included in the total overlays were:

- Geopolitical Risk portfolio overlay of \$4,149 thousand remains to account for the general uncertainty and downside risk of higher energy costs, disruptions to supply chains, and other global trade hampering measures (e.g. sanctions or import tariffs) (31 December 2024: \$5,629 thousand).
- Climate & Environment Risk portfolio overlay of \$2,707 thousand remains to address the concerns against the chronic increase in climate & environmental risk (31 December 2024: \$3,456 thousand).

Ordinary share capital	551,200	551,200
Total contributed equity	551,200	551,200

Prior to February 1998, the Bank issued 20,600,000 ordinary shares at a value of \$2 per share. On 11 August 2010, the Bank issued 150,000,000 ordinary shares at a value of \$2 per share. On 19 September 2012, the Bank issued 55,000,000 ordinary shares at a value of \$2 per share. On 20 September 2013, the Bank issued 50,000,000 ordinary shares at a value of \$2 per share.

11. Contributed equity, Reserves and Capital management (continued)

As at 30 June 2025, total authorised and paid up capital comprises 275,600,000 ordinary shares fully paid ranking equally as to dividends, voting rights and rights to share in any surplus on winding up (31 December 2024: 275,600,000). Each share was issued at \$2 and has no par value. The ordinary share capital qualifies as Common Equity Tier 1 capital for capital adequacy purposes.

11.2 Reserves

	Unaudited	Audited
	At 30/06/2025	At 31/12/2024
In thousands		_
FVOCI financial assets reserve		
Opening balance	1,668	(6,203)
Changes in FVOCI financial assets revaluation reserve (gross)	724	10,932
Changes in FVOCI financial assets revaluation reserve (deferred tax)	(203)	(3,061)
Total FVOCI reserve	2,189	1,668

The nature and purpose of the FVOCI financial assets revaluation reserve is to record the unrealised gains or losses arising from changes in the fair value of FVOCI financial assets. The FVOCI financial assets revaluation reserve qualifies as Common Equity Tier One capital for capital adequacy purposes.

12. Contingent liabilities and credit related commitments

Through the normal course of business, the Bank may be involved in litigation claims. The aggregate potential liability arising in respect of these claims cannot be accurately assessed. Provisions have been made where appropriate for likely loss of actual and potential claims after review has been made on a case by case basis. The Bank does not consider that the outcome of any claims made either individually or in aggregate are likely to have a material effect on its operation or financial position.

The Bank is party to financial instruments with off-balance sheet credit risk in the normal course of business to meet the financing needs of its customers and in managing its own risk profile. These financial instruments include commitments to extend credit, facilities, financial guarantees, and standby letters of credit. The Bank's exposure to credit loss in the event of non-performance by the other party to such financial instruments is represented by the contract or notional amount of those instruments. However, some commitments to extend credit and provide underwriting facilities can be cancelled or revoked at any time at the Bank's option. The Bank uses the same credit policies in making commitments and conditional obligations as it does for on-balance sheet instruments.

The following table shows the maximum amount payable for the following credit related commitments:

	Unaudited At 30/06/2025	Audited At 31/12/2024
In thousands		
Guarantees	1,561	807
Lending commitments		
Irrevocable lending commitments	2,280,356	2,052,508
Total contingent liabilities	2,281,917	2,053,315

Guarantees represent conditional undertakings by the Bank to support the financial obligations of its customers to third parties. Lending commitments include the Bank's obligations to provide funding facilities which remain undrawn at balance date, or where letters of offer have been issued but not yet accepted.

13. Expenditure Commitments

13.1 Capital expenditure commitments

The Bank has \$313 thousand of commitments as at 30 June 2025 (31 December 2024: nil).

14. Fair values of financial instruments

Financial assets and financial liabilities are measured on an ongoing basis either at fair value or amortised cost, in accordance with NZ IFRS 7 'Financial Instruments: Disclosures' which requires the Bank to disclose the fair value of those financial instruments not already carried at fair value in the Statement of Financial Position.

The estimated fair value of the financial assets and financial liabilities are:

Fair value hierarchy

The Bank categorises its fair value measurements on the basis of inputs used in measuring fair value using the fair value hierarchy below:

Level 1: Financial instruments that have been valued by reference to unadjusted quoted prices in active markets for identical financial instruments. This category includes financial instruments valued using quoted yields where available for specific debt securities.

Level 2: Financial instruments that have been valued through valuation techniques incorporating inputs other than quoted prices within Level 1 that are observable for a similar financial asset or liability, either directly or indirectly.

Level 3: Financial instruments that have been valued using valuation techniques which incorporate significant inputs that are not based on observable market data (unobservable inputs).

14. Fair values of financial instruments (continued)

Valuation methodology

Financial assets and financial liabilities at fair value

For financial assets and financial liabilities carried at fair value, fair value has been derived as follows:

Derivative financial instruments, FVOCI financial assets and financial assets at fair value through profit or loss

Fair values are based on quoted market prices. Where a quoted price is not available, fair values are estimated using quoted market prices for securities with similar credit, maturity and yield characteristics, or market accepted valuation models as appropriate (including discounted cash flow models) based on current market yields for similar types of instruments and the maturity of each instrument.

A Credit Valuation Adjustment (CVA) is applied to the Bank's over-the-counter derivative exposures to take into account the counterparty's risk of default when measuring the fair value of the derivative. The Bank uses a Bilateral Credit Valuation Adjustment (BCVA) methodology to calculate the expected future credit exposure for all derivative exposures including inputs regarding probabilities of default (PDs) and loss given default (LGD).

The following tables categorise financial assets and financial liabilities that are recognised and measured at fair value according to the three levels of hierarchy.

	Level 1	Level 2	Level 3	Total
In thousands				
At 30 June 2025 (Unaudited) Financial assets				
Derivative financial instruments Financial assets at fair value through other	-	52,252	-	52,252

In thousands At 31 December 2024 (Audited) Financial assets	Level 1	Level 2	Level 3	Total
At 31 December 2024 (Audited)	Level 1	Level 2 45,355	Level 3	Total 45,355
At 31 December 2024 (Audited) Financial assets Derivative financial instruments	Level 1 - 645,632		Level 3 -	
At 31 December 2024 (Audited) Financial assets Derivative financial instruments Financial assets at fair value through other	-		- - 2,295	45,355

Transfers in and transfers out of fair value hierarchy levels are reported using the end-of-period fair values. There were no transfers between fair value hierarchy levels during the period.

15. Maturity analysis of assets and liabilities

The Bank actively monitors and manages the mismatch between assets and liabilities as part of standard banking operations. The management of the mismatch between assets and liabilities is based on expected flows arising from the repayment behaviour of assets and liabilities which are not aligned to the contractual maturity. The Bank has access to various sources of short and long term funding via its retail and small to medium-sized enterprise deposit portfolio, and intercompany funding arrangements with Rabobank. These funding options support the renewal of maturing liabilities. Key assumptions regarding the expected maturity dates in the long term framework are applied to both the Rural asset portfolio and deposit portfolio. The table below shows a maturity analysis of assets and liabilities analysed according to when they are expected to be recovered or settled within 12 months (current) and greater than 12 months (non-current).

17. Related party disclosures

The Bank's parent entity is Rabobank International Holding B.V. The ultimate controlling party is Rabobank. Both the parent entity and the ultimate controlling entity are incorporated in the Netherlands. Dealings with the parent and ultimate controlling entity include funding and derivative transactions.

17.1 Transactions with related parties

17.1.1 Guarantees

The first period

For the period 18 February 1998 to 17 February 2008 ("the First Period"), the obligations of the Bank were guaranteed pursuant to a deed of guarantee dated 18 February 1998 (as amended by an amending deed dated 19 February 1998) by Rabobank in favour of Permanent Trustee Company Limited (the "Trustee") as trustee for the creditors of the Bank (the "First Guarantee").

Whilst the First Guarantee expired on 17 February 2008, all obligations incurred by the Bank during the First Period will continue to be covered by the First Guarantee until those obligations are repaid.

The second period

For the period 18 February 2008 to 17 February 2010 ("the Second Period"), the obligations of the Bank were guaranteed pursuant to a deed of guarantee dated 6 February 2008 by Rabobank in favour of the creditors of the Bank (the "Second Guarantee").

Whilst the Second Guarantee expired on 17 February 2010, all obligations incurred by the Bank during the Second Period will continue to be covered by the Second Guarantee until those obligations are repaid.

The third period

For the period 18 February 2010 to 17 February 2012 ("the Third Period"), the obligations of the Bank were guaranteed pursuant to a deed of guarantee dated 1 September 2009 by Rabobank in favour of the creditors of the Bank (the "Third Guarantee").

Whilst Third Guarantee expired on 17 February 2012, all obligations incurred by the Bank during the Third Period will continue to be covered by the Third Guarantee until those obligations are repaid.

17. Related party disclosures (continued)

The fourth period

For the period 18 February 2012 to 17 February 2013 ("the Fourth Period"), the obligations of the Bank were guaranteed pursuant to a deed of guarantee dated 10 October 2011 by Rabobank in favour of the creditors of the Bank (the "Fourth Guarantee").

Whilst the Fourth Guarantee expired on 17 February 2013, all obligations incurred by the Bank during the Fourth Period will be covered by the Fourth Guarantee until those obligations are repaid.

The fifth period

For the period 18 February 2013 to 17 February 2014 ("the Fifth Period"), the obligations of the Bank are guaranteed pursuant to a deed of guarantee dated 9 July 2012 by Rabobank in favour of the creditors of the Bank (the "Fifth Guarantee").

Whilst the Fifth Guarantee expired on 17 February 2014 all obligations incurred by the Bank during the Fifth Period will be covered by the Fifth Guarantee until those obligations are repaid.

The sixth period

For the period 18 February 2014 to 17 February 2015 ("the Sixth Period"), the obligations of the Bank are guaranteed pursuant to a deed of guarantee dated 20 August 2013 by Rabobank in favour of the creditors of the Bank (the "Sixth Guarantee").

Whilst the Sixth Guarantee expired on 17 February 2015 all obligations incurred by the Bank during the Sixth Period will be covered by the Sixth Guarantee until those obligations are repaid.

The seventh period

For the period 18 February 2015 to 30 April 2015 ("the Seventh Period"), the obligations of the Bank will be guaranteed pursuant to a deed of guarantee dated 19 September 2014 by Rabobank in favour of the creditors of the Bank (the "Seventh Guarantee").

Whilst the Seventh Guarantee expired on 30 April 2015, all obligations incurred by the Bank up to the close of 30 April 2015 will continue to be covered by the Seventh Guarantee or one of the earlier guarantees described above (as applicable), until those obligations are repaid or otherwise satisfied.

17.1.2 Guarantee fees (Unaudited)

A fee of \$0.09 million was charged to the Bank by Rabobank in consideration for providing the obligations guarantees for the six month period ended 30 June 2025 (six month period June 2024: \$0.11 million).

17.1.3 Management fees (Unaudited)

Management expenses and recharges mainly consisted of two types, namely expenses incurred in relation to services received from Australian Branch of Rabobank; and overseas Rabobank Head Office.

Expenses that are related to provision of administrative and management services to the Bank (e.g. employee expenses, rent, professional fees) incurred by the Australian Branch of Rabobank are recharged as per service level agreements. In total, management expenses and recharge costs of \$27 million were charged by the Australian Branch of Rabobank (six month period June 2024: \$23 million).

A management fee of \$12 million (six month period June 2024: \$12 million) was charged to the Bank by the Rabobank Head Office for the provision of administrative and management services.

A management fee of \$2 million (six month period June 2024: \$3 million) was charged to New Zealand Branch of Rabobank by the Bank for the provision of administrative and management services.

17. Related party disclosures (continued)

17.1.4 Other transactions

The Bank enters into a number of transactions with other related entities of Rabobank, but mainly with the New Zealand Branch of Rabobank. These transactions include funding, loans deposits and accrued interest. Interest recorded and charged was on normal commercial terms throughout the year. The balances and transactions are summarised in table below:

	Unaudited 30/06/2025	Unaudited 30/06/2024
In thousands		
Interest income due from related entities Interest expense due to related entities	22,472 140,464	13,192 209,169
	Unaudited 30/06/2025	Audited At 31/12/2024
In thousands		

Derivatives with a combined notional of \$3.8 billion (31 December 2024: \$4.9 billion) and a net fair value liability position of \$33.3 million (31 December 2024: net fair value liability \$26.7 million) are held with the New Zealand Branch of Rabobank and with Rabobank.

Working capital facilities

A loan facility of EUR 4.95 billion was granted by the New Zealand Branch of Rabobank to the Bank on 12 December 2016. The unused amount at 30 June 2025 was EUR1.32 billion (31 December 2024: EUR 1.56 billion).

17.2 Terms and conditions of transactions with related parties

All transactions with related parties are made in the ordinary course of business on normal terms and conditions.

Outstanding balances at period end are unsecured and settlement occurs in cash.

17.3 Provision for impairment

For the period ended 30 June 2025, the Bank has not made any specific provision for impairment relating to amounts owed by related parties (31 December 2024: Nil). Provision has not been recognised on grounds of it being minimal and immaterial. The Bank recognises collective impairment allowance relating to amounts owned by related parties in accordance with expected credit loss impairment model. The Bank recognised stage 1 impairment allowance relating to amounts owned by related parties of \$0.63 million as at 30 June 2025 (31 December 2024 \$0.52 million).

17.4 Dividend

No dividend was proposed or paid by the Bank for the six months period ended 30 June 2025 (30 June 2024: Nil).

18. Subsequent events

The directors are not aware of any event or circumstances since the end of the period not otherwise dealt with in this report that has or may significantly affect the operations of the Bank, the results of those operations or the state of affairs of the Bank in subsequent financial years.

1. General Information

General matters

Composition of the Board of directors

There have been the following changes in the composition of the Bank's board of directors since 31 December 2024.

- On 10 March 2025 Todd Charteris was appointed as a Director of the Bank.
- On 10 March 2025 Laurissa Cooney was appointed as a Director of the Bank.

Signing of the Disclosure Statement

Todd Charteris, Executive Director and Chief Executive Officer of the Bank, has signed this Disclosure Statement on behalf of the following directors:

- Christopher Black (Chair)
- Geerten Battjes
- Laurissa Cooney
- Timothy Deane
- Brent Goldsack
- Angelique Meddeler
- Mark Wiessing

Credit ratings

The Bank has the following general credit rating applicable to its long term senior unsecured obligations, including obligations payable in New Zealand, in New Zealand dollars as at the date the Directors signed this Disclosure Statement.

Rating Agency	Current Credit Rating
Standard & Poor's	A (stable)

Auditor of the Bank

PricewaterhouseCoopers One International Towers, Watermans Quay Barangaroo, NSW 2000 Australia

Guarantee arrangements

Under a series of guarantees, Rabobank guaranteed all the Bank's obligations. Each such guarantee has now expired, except that all obligations incurred by the Bank while a guarantee was current and before the guarantee expired remain guaranteed until those obligations are repaid. The only obligations that remain guaranteed are therefore obligations that were incurred before the close of 30 April 2015 and that have not subsequently been repaid e.g. A deposit obligation incurred before 30 April 2015 will have been repaid (and the deposit obligation will have ceased to be guaranteed) if the deposit is paid into an account with another bank.

Based on the above, material obligations of the Bank are guaranteed as at the date its directors signed this Disclosure Statement. All new obligations incurred by the Bank after 30 April 2015 are not guaranteed.

Details of quarantor

The name and New Zealand address for services of the guarantor are:

Guarantee arrangements (continued)

Coöperatieve Rabobank U.A. (Rabobank) Level 4 32 Hood Street Hamilton New Zealand

Rabobank is not a member of the Banking Group.

Rabobank has the following credit ratings applicable to its long term senior unsecured obligations payable in the currency of its incorporation (The Netherlands).

Rating Agency	Current Credit Rating
Standard & Poor's	A+ (stable)
Moody's	Aa2 (stable)
Fitch	A+ (stable)

Details of guaranteed obligations

There are no limits on the amount of the obligations guaranteed under any of the expired guarantees and no material conditions applicable to the guarantees other than non-performance by the Bank. However, the fact that the guarantees have expired means that, for an obligation to be covered, it must (1) have been incurred before the close of 30 April 2015 and (2) not have been subsequently repaid.

There are no material legislative or regulatory restrictions in the Netherlands which would have the effect of subordinating the claims, under the above guarantees, of any of the creditors of the Bank on the assets of Rabobank, to other claims on Rabobank, in a winding up of Rabobank.

Further information about the guarantees

The Bank's most recent full year Disclosure Statement contains further information about the above guarantees. The Bank's most recent full year Disclosure Statement is available immediately, if the request is made at the Bank's head office, or within five working days if a request is made at any branch or agency of the Bank. Alternatively, it can also be accessed at the Bank's internet address www.rabobank.co.nz.

Material cross guarantee

No material obligations of the Bank are guaranteed under a cross guarantee arrangement.

Pending proceedings or arbitration

There are no pending legal proceedings or arbitrations concerning any member of the Banking Group, whether in New Zealand or elsewhere, that may have a material adverse effect on the Bank or the Banking Group.

Conditions of registration

There have been no changes to the Bank's Conditions of Registration between 31 December 2024 and 30 June 2025.

Conditions of registration (continued)

With effect on and after 1 July 2025, changes were made to the Bank's Conditions of Registration. The changes related to the Prudential Capital Buffer (PCB) ratio requirement for New Zealand-incorporated registered banks who are not classified as Domestically Systemically Important Banks being increased from 2.5% to 3.5% with effect from 1 July 2025. The PCB ratio bands included in banks' CET1 dividend restriction condition of registration to reflect the impact of this increase have also been updated.

The Bank has complied with all its Conditions of Registration in the six month period ended 30 June 2025.

Other material matters

The Deposit Takers Act

The Deposit Takers Act received Royal Assent on 6 July 2023. The Depositor Compensation Scheme came into effect on 1 July 2025 which means, in the event of a deposit taker failure, depositors are eligible for compensation up to \$100,000 per depositor, per institution. The Deposit Takers Act will also replace the existing regimes for the regulation of banks and non-bank deposit takers, and create a single comprehensive prudential regime for "all deposit takers". Implementation will be phased in over the next four years as the Reserve Bank of New Zealand develops and consults on prudential standards and regulations supporting the Deposit Takers Act, and completes a licensing process for all deposit takers.

Since 31 December 2024, there have been no other matters relating to the business or affairs of the Bank that:

- are not contained elsewhere in this Disclosure Statement; and
- would, if disclosed, materially affect the decision of a person to subscribe for debt securities of which the Bank is the issuer.

Maturity analysis of financial liabilities and contingent liabilities by contractual maturity based on undiscounted cash flows (principal and interest)

The following maturity analysis for financial liabilities and contingent liabilities presents the contractual undiscounted cash flows receivable and payable, and is based on the remaining period as at the reporting date to the contractual maturity.

The total balances in the table below may not agree to the statement of financial position as the table incorporates all cash flows on an undiscounted basis, which include both principal and associated future interest income/expense accruals.

The Bank actively monitors and manages the mismatch between assets and liabilities as part of standard banking operations. The management of the mismatch of assets against liabilities using expected flows allows for the repayment behaviour of assets and liabilities that are not aligned to the contractual maturity. The Bank has access to various sources of short and long term funding via its retail and SME deposit portfolio, and intercompany funding arrangements with Rabobank. These funding options support the renewal of maturing liabilities.

RBNZ's new capital adequacy requirements – the outcome of RBNZ's Capital Review decisions – came into effect on 1 October 2021. The requirements will increase the amount of capital the Bank is required to hold. The initial step-up in capital occurred in July 2024 when the Tier 1 minimum increased to 7.0% and Total Capital minimum increased to 9.0%. Increases in the Prudential Capital Buffer commenced in July 2025 when Prudential Capital Buffer increased to 3.5% and will continue through to July 2028 when the Bank will be subject to a total capital ratio of 16%.

Pillar 2 capital for other material risks

	At 30 June 2025 (Unaudited)	At 30 June 2024 (Unaudited)
In thousands	(Onaudited)	(Onaudited)
Internal capital allocation for other material risks	61,889	51,541

The Pillar 2 risks that the Bank has identified are described below:

- (i) Credit Concentration Risk, including obligor/sector/regional concentration, is credit risk concentration when the exposure of one client or a group of exposures is large enough to create credit losses such that to endanger the financial health of the Bank.
- (ii) Compliance risk is the failure to comply with any legal or regulatory obligations. This includes the risk of impairment of Rabobank's integrity, which can damage the rights and interests of our clients as well as the reputation and trustworthiness of Rabobank, leading to legal claims or regulatory sanctions and/or financial loss. This includes the following sub-risks: Breach of Sanctions; Competition; Conflicts of Interest; Corruption; Data Privacy; Fraud; Greenwashing by the Bank; Market Inefficiency and Misconduct; Money Laundering; Record Keeping; Terrorism Financing; Treating Clients Fairly; Regulatory Compliance. Although identified as a separate material risk for the purposes of the RMS, for the purposes of the ICAAP, Compliance Risk is explicitly captured by Operational Risk as defined in BPR001 Glossary.
- (iii) Business Risk is defined as developments that threaten market and financial goals, reputation and adequacy of capital. This includes the following sub-risks: Strategic Risk; Capital Adequacy; Reputational Risk; Contagion Risk and Climate-related & Environmental, Social and Governance Risk.
- (iv) Liquidity risk is the risk that the Bank will not have sufficient funds available to meet its financial and transactional cash flow obligations and regulatory obligations.
- (v) Interest rate risk in the banking book (IRRBB) is the risk of loss in earnings or in the economic value on banking book items as a consequence of movements in interest rates.

The Bank has completed an internal assessment of all the material risks focused by the Bank. This is described in the ICAAP document. The result show that no individual Pillar 2 risk would require a high capital allocation. The Bank adopted capital buffer of 4.42% against credit concertation risk, strategic risk and interest rate risk in banking group (31 December 2024: an internal capital allocation of 4.22% of Pillar 1 capital). The internal capital allocation for the Pillar 2 risks forms part of the internal capital buffer.

The Bank will review this allocation methodology every reporting period in line with industry practice as this area evolves over time.

2024

Minimum capital requirements

The "Capital Requirements Regulation (CRR)" and "Capital Requirements Directive (CRD V)" together constitute the European implementation of the Basel Capital and Liquidity Accord of 2010 which are applied by Rabobank.

Rabobank must comply with a number of minimum solvency positions as stipulated under law. The solvency position is determined on the basis of ratios. These ratios compare the qualifying capital (total capital ratio), the tier 1 capital (tier 1 ratio) and the core capital (common equity tier 1 ratio) with the total of the risk-adjusted assets. The minimum percentages are determined on the basis of CRD V/ CRR and reflect the application of article 104a of the CRR to partly fulfil the pillar 2 requirement with additional tier 1 and tier 2 capital.

Risk-weighted assets are determined based on separate and distinct methods for each of the credit, operational and market risks. For credit risk purposes, the risk-weighted assets are determined in several ways dependent on the nature of the asset. For the majority of assets the risk weighting is determined by reference to internal ratings and a number of characteristics specific to the asset concerned. For off-balance sheet items the balance sheet equivalent is calculated firstly on the basis of internal conversion factors and the resulting equivalent amounts are then also assigned risk-weightings. For operational risk purposes, an Advanced Measurement Approach model is used to determine the amount of risk-weighted assets. For market risk purposes, the Internal Model Approach is applied on the majority of the exposures in scope, with very small exposures following standardized methods.

Rabobank's Capital Adequacy and Risk Management Report (pillar 3) is publicly available on Results & reports - Rabobank

Regulatory liquidity ratios

	31/03/2025 (Unaudited)	30/06/2025 (Unaudited)
Quarterly average core funding ratio	87.0%	86.3%
Quarterly average one-month mismatch ratio	7.4%	7.3%
Quarterly average one-week mismatch ratio	7.5%	7.5%

5. Concentration of credit exposures to individual counterparties

	Unau	ıdited
	At 30 June 2025	Peak for the period
Number of bank counterparties:		
Percentage of Common equity Tier 1 capital		
10-15%	-	1
15-20%	-	-
20-25%	-	-
25-30%	-	-
30-35%	-	-
Number of non-bank counterparties:		
Percentage of Common equity Tier 1 capital		
10-15%	-	-
15-20%	-	-
20-25%	-	-
25-30%	-	-

All bank counterparties disclosed in the table above have a long-term credit rating of A- or A3 or above.

All non-bank counterparties disclosed in the table above do not have a long-term credit rating.

Credit exposure is calculated on the basis of actual exposure net of individual credit impairment provision. It excludes credit exposures to Connected Persons, credit exposures to the central government or central bank of any country with a long-term credit rating of A- or A3 or above, or its equivalent, and credit exposures to any supranational or quasi-sovereign agency with a long-term credit rating of A- or A3 or above, or its equivalent.

The peak end-of-day credit exposure is measured by taking the maximum end-of-day aggregate credit exposure during the period and dividing it by the Banking Group's Common equity Tier 1 capital as at the end of the period.

6. Insurance business

The Banking Group does not conduct any insurance business.

7. Risk management policies

Since 31 December 2024:

- there has been no material change in the Banking Group's policies for managing credit, currency, interest rate, liquidity, operational, and other material business risks (the Banking Group has immaterial equity risk); and
- the Banking Group has not become exposed to a new category of risk to which the Banking Group was not
 previously exposed.

Report on the interim Financial Statements and the Supplementary Information (excluding the information relating to capital adequacy and regulatory liquidity requirements disclosed in accordance with Schedule 9)

Our conclusion

We have reviewed the interim financial statements (the Financial Statements) for the six month period ended 30 June 2025 of Rabobank New Zealand Limited (the Bank) as required by clause 25 of the Registered Bank Disclosure Statements (New Zealand Incorporated Registered Banks) Order 2014 (as amended) (the Order) and the supplementary information disclosed in accordance with Schedules 5, 7, 13, 16 and 18 of the Order (the Supplementary Information), excluding the information relating to capital adequacy and regulatory liquidity requirements disclosed in accordance with Schedule 9 of the Order contained in the half year disclosure statement (the Disclosure Statement).

The Financial Statements comprise the statement of financial position as at 30 June 2025, the related statement of comprehensive income, statement of changes in equity and condensed statement of cash flows for the six month period then ended and notes, comprising material accounting policy information and other explanatory information.

Based on our review, nothing has come to our attention that causes us to believe that the accompanying:

- Financial Statements have not been prepared, in all material respects, in accordance with New Zealand Equivalent to International Accounting Standard 34 Interim Financial Reporting (NZ IAS 34) and International Accounting Standard 34 Interim Financial Reporting (IAS 34); and
- Supplementary Information that is required to be disclosed in accordance with Schedules 5, 7, 13, 16 and 18 of the Order:
 - does not present fairly, in all material respects, the matters to which it relates; or
 - is not disclosed, in all material respects, in accordance with those schedules.

Basis for conclusion

We conducted our review in accordance with the New Zealand Standard on Review Engagements 2410 (Revised) *Review of Financial Statements Performed by the Independent Auditor of the Entity* (NZ SRE 2410 (Revised)). Our responsibilities are further described in the *Auditor's responsibilities for the review of the Financial Statements and the Supplementary Information* section of our report.

We are independent of the Bank in accordance with the relevant ethical requirements in New Zealand relating to the audit of the annual financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. Other than in our capacity as auditor we have no relationship with, or interests in, the Bank. In addition, certain partners and employees of our firm may deal with the Bank on normal terms within the ordinary course of trading activities of the Bank. The provision of these other services and relationships have not impaired our independence.

Responsibilities of the Directors for the Disclosure Statement

The Directors are responsible, on behalf of the Bank, for the preparation and fair presentation of the Financial Statements in accordance with clause 25 of the Order, NZ IAS 34 and IAS 34 and for such internal control as the Directors determine is necessary to enable the preparation and fair presentation

of the Financial Statements and the Supplementary Information that are free from material misstatement, whether due to fraud or error.

In addition, the Directors are responsible on behalf of the Bank for the preparation and fair presentation of the Disclosure Statement which includes:

- all of the information prescribed in Schedule 3 of the Order; and
- the information prescribed in Schedules 5, 7, 9, 13, 16 and 18 of the Order.

Auditor's responsibilities for the review of the Financial Statements and the Supplementary Information

Our responsibility is to express a conclusion on the Financial Statements and the Supplementary Information based on our review. NZ SRE 2410 (Revised) requires us to conclude whether anything has come to our attention that causes us to believe that the:

- Financial Statements, taken as a whole, have not been prepared, in all material respects, in accordance with NZ IAS 34 and IAS 34; and
- Supplementary Information that is required to be disclosed in accordance with Schedules 5, 7, 13, 16 and 18 of the Order:
 - o does not present fairly, in all material respects, the matters to which it relates; or
 - o is not disclosed, in all material respects, in accordance with those schedules; or
 - if applicable, has not been prepared, in all material respects, in accordance with any conditions of registration relating to disclosure requirements imposed under section 74(4)(c) of the Banking (Prudential Supervision) Act 1989.

A review in accordance with NZ SRE 2410 (Revised) is a limited assurance engagement. We perform procedures, consisting of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. The procedures performed in a review are substantially less than those performed in an audit conducted in accordance with International Standards on Auditing (New Zealand) and International Standards on Auditing and consequently do not enable us to obtain assurance that we might identify in an audit. Accordingly, we do not express an audit opinion on the Financial Statements and the Supplementary Information.

Who we report to

This report is made solely to the Bank's shareholder. Our review work has been undertaken so that we might state those matters which we are required to state to them in our review report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Bank and the Bank's shareholder for our review procedures, for this report, or for the conclusions we have formed.

The engagement partner on the review resulting in this independent auditor's review report is Sam Hinchliffe.

Independent Assurance Report

To the shareholder of Rabobank New Zealand Limited

Limited assurance report on compliance with the information required on capital adequacy and regulatory liquidity requirements

Our conclusion

We have undertaken a limited assurance engagement on Rabobank New Zealand Limited (the Bank)'s compliance, in all material respects, with clause 22 of the Registered Bank Disclosure Statements (New Zealand Incorporated Registered Banks) Order 2014 (as amended) (the Order) which requires information prescribed in Schedule 9 of the Order relating to capital adequacy and regulatory liquidity requirements to be disclosed in its half year Disclosure Statement for the six month period ended 30 June 2025 (the Disclosure Statement). The Disclosure Statement containing the information prescribed in Schedule 9 of the Order relating to capital adequacy and regulatory liquidity requirements will accompany our report, for the purpose of reporting to shareholder.

Based on the procedures we have performed and the evidence we have obtained, nothing has come to our attention that causes us to believe that the Bank's information relating to capital adequacy and regulatory liquidity requirements, included in the Disclosure Statement in compliance with clause 22 of the Order and disclosed in section 4 of the Registered bank disclosures, is not, in all material respects, disclosed in accordance with Schedule 9 of the Order.

Basis for conclusion

We have conducted our engagement in accordance with Standard on Assurance Engagements 3100 (Revised) *Compliance Engagements* (SAE 3100 (Revised)) issued by the New Zealand Auditing and Assurance Standards Board.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion.

Directors' responsibilities

The Directors are responsible on behalf of the Bank for compliance with the Order, including clause 22 of the Order which requires information relating to capital adequacy and regulatory liquidity requirements prescribed in Schedule 9 of the Order to be included in the Disclosure Statement, for the identification of risks that may threaten compliance with that clause, controls that would mitigate those risks and monitoring ongoing compliance.

Our independence and quality management

We have complied with the independence and other ethical requirements of Professional and Ethical Standard 1 *International Code of Ethics for Assurance Practitioners (including International Independence Standards) (New Zealand)* issued by the New Zealand Auditing and Assurance Standards Board, which is founded on the fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behaviour.

PricewaterhouseCoopers, ABN 52 780 433 757 One International Towers Sydney, Watermans Quay, BARANGAROO NSW 2000, GPO BOX 2650 SYDNEY NSW 2001 T: +61 2 8266 0000, F: +61 2 8266 9999, www.pwc.com.au Level 11, 1PSQ, 169 Macquarie Street, PARRAMATTA NSW 2150, PO Box 1155 PARRAMATTA NSW 2124

T: +61 2 9659 2476, F: +61 2 8266 9999, www.pwc.com.au

Liability limited by a scheme approved under Professional Standards Legislation.

We apply Professional and Ethical Standard 3 *Quality Management for Firms that Perform Audits or Reviews of Financial Statements, or Other Assurance or Related Services Engagements*, which requires our firm to design, implement and operate a system of quality management including policies or procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

We are independent of the Bank. Other than in our capacity as auditors and providers of other related assurance services we have no relationship with, or interests in, the Bank. In addition, certain partners and employees of our firm may deal with the Bank on normal terms within the ordinary course of trading activities of the Bank. The provision of these other services and these relationships have not impaired our independence.

Assurance practitioner's responsibilities

Our responsibility is to express a limited assurance conclusion on whether the Bank's information relating to capital adequacy and regulatory liquidity requirements, included in the Disclosure Statement in compliance with clause 22 of the Order is not, in all material respects, disclosed in accordance with Schedule 9 of the Order. SAE 3100 (Revised) requires that we plan and perform our procedures to obtain limited assurance about whether anything has come to our attention that causes us to believe that the Bank's information relating to capital adequacy and regulatory liquidity requirements, included in the Disclosure Statement in compliance with clause 22 of the Order, is not, in all material respects, disclosed in accordance with Schedule 9 of the Order.

In a limited assurance engagement, the assurance practitioner performs procedures, primarily consisting of discussion and enquiries of management and others within the entity, as appropriate, and observation and walk-throughs, and evaluates the evidence obtained. The procedures selected depend on our judgement, including identifying areas where the risk of material non-compliance with clause 22 of the Order in respect of the information relating to capital adequacy and regulatory liquidity requirements is likely to arise.

Given the circumstances of the engagement we:

- obtained an understanding of the process, models, data and internal controls implemented over the preparation of the information relating to capital adequacy and regulatory liquidity requirements;
- obtained an understanding of the Bank's compliance framework and internal control environment to
 ensure the information relating to capital adequacy and regulatory liquidity requirements is in
 compliance with the Reserve Bank of New Zealand's (the RBNZ) prudential requirements for banks;
- obtained an understanding and assessed the impact of any matters of non-compliance with the RBNZ's prudential requirements for banks that relate to capital adequacy and regulatory liquidity requirements and inspected relevant correspondence with the RBNZ;
- performed analytical and other procedures on the information relating to capital adequacy and regulatory liquidity requirements disclosed in accordance with Schedule 9 of the Order, and considered its consistency with the interim financial statements; and
- agreed the information relating to capital adequacy and regulatory liquidity requirements disclosed in accordance with Schedule 9 of the Order to information extracted from the Bank's models, accounting records or other supporting documentation, which included publicly available information as prescribed by clause 14 of Schedule 9 of the Order.

The procedures performed in a limited assurance engagement vary in nature and timing from, and are less in extent than for, a reasonable assurance engagement and consequently the level of assurance obtained in a limited assurance engagement is substantially lower than the assurance that would have

been obtained had a reasonable assurance engagement been performed. Accordingly, we do not express a reasonable assurance opinion on compliance with the compliance requirements.

Inherent limitations

Because of the inherent limitations of an assurance engagement, together with the internal control structure, it is possible that fraud, error or non-compliance with the compliance requirements may occur and not be detected.

A limited assurance engagement on the Bank's information relating to capital adequacy and regulatory liquidity requirements prescribed in Schedule 9 of the Order to be included in the Disclosure Statement in compliance with clause 22 of the Order does not provide assurance on whether compliance will continue in the future.

Use of report

This report has been prepared for use by the Bank's shareholder for the purpose of establishing that these compliance requirements have been met.

Our report should not be used for any other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility for any reliance on this report to anyone other than the Bank and the Bank's shareholder, or for any purpose other than that for which it was prepared.

The engagement partner on the engagement resulting in this independent assurance report is Sam Hinchliffe.
